

Help us to improve our Orthopaedic, Pain & Rheumatology services

Enfield Clinical Commissioning Group (CCG) believes that patients and carers have an important role in helping to improve health services and patient outcomes.

We want to hear your experiences of our services treating orthopaedic, pain and rheumatology (Musculo-skeletal or MSK) conditions, and your suggestions on how we could improve them. MSK conditions affect the body's muscles, joints, tendons, ligaments and nerves. If you have a diagnosed MSK condition such as arthritis, back pain or rheumatology you may be receiving treatment from a wide range of health professionals, such as Doctors, Nurses and Physiotherapists.

We would like to invite MSK patients and carers to participate in one of our service development meetings for improving our MSK patient outcomes and services.

Date: Monday 23rd June 2014

Time: 14:00 – 16:00 or 18:00 – 20:00

**Venue: NHS Enfield CCG, Holbrook House, Cockfosters Road, Barnet, EN4
ODR (see map on the reverse)**

Refreshments will be provided.

You will have the opportunity to:

- meet the team who are working to improve MSK services;
- tell us your experiences of MSK services;
- give us your ideas on how we can improve the service for you;
- help us to build better services for the future.

To confirm your attendance at this event, or to find out more, please contact nicholas.ince@enfieldccg.nhs.uk or call 0203 688 2803
