**Time:** 10am-1pm

**Venue:** Executive Suite, Dugdale Centre, Thomas Hardy House, 39 London Road,  
Enfield, EN2 6DS

Have your say on our  
Commissioning  
Intentions

Every year your Clinical Commissioning Group drafts Commissioning Intentions which describe what health services we want to buy and the health outcomes we wish to achieve for our local population.

Commissioning Intentions are influenced by our population's health needs and the national NHS priorities for the NHS set out by NHS England.

You are invited to come and speak to GPs and NHS managers on what you think our local investment priorities should be and how we can best meet the health needs of our diverse community now and in the future.

To book your place please email [communications@enfieldccg.nhs.uk](mailto:communications@enfieldccg.nhs.uk) or call 0203 688 2840  
Please let us know if you have any special requirements.
