

# Co-Commissioning Update

**Peter Lathlean**  
**21/01/2016**

# Scope of Co-Commissioning

**For 2015/16, the scope of primary care co-commissioning is general practice services. The commissioning of dental, community pharmacy and eye health services is more complex than general practice with a different legal framework.**

# Co-commissioning Update

- **Model 2 established from the 1<sup>st</sup> October 2015**
- **NCL Joint Committee established:**
  - Oversight of GMS, PMS and APMS contracts (including the design of PMS and APMS contracts, sharing contract monitoring information);
  - Development of newly designed enhanced services (“Local Enhanced Services” and “Directed Enhanced Services”);
  - Design of local incentive schemes as an alternative to the Quality Outcomes Framework (QOF);
  - Informing decision making on whether to establish new GP practices in an area;
  - Informing decision making on approving of practice mergers, retirements, resignations etc; and
  - Ratifying of decisions made by the NHS England Central Contracting Team with regards to ‘discretionary’ payment (e.g., returner/retainer schemes).

# Key Emerging Priorities

- Transforming Primary Care in London (Strategic Commissioning Framework)
  - Patient Offer:
    - Accessible
    - Co-Ordinated
    - Proactive Care

# The specification

Each of the three specification areas have been broken down further into specific elements.

## Proactive Care

- P1 **Co-design** – primary care teams work with communities/patients/families/voluntary sector to co design approaches to improve health and wellbeing of local population
- P2 **Developing assets and resources** for improving health and wellbeing (develop and map local social capital and resources to empower people and help them feel connected)
- P3 **Personal conversations** focused on an individual's health goals
- P4 **Health and wellbeing liaison and information** – enable people to access information e.g. schools, workplaces and community settings
- P5 **Patients not currently accessing primary care services** – reach out to people on registered list but not attending, and unregistered population e.g. vulnerable patients.

## Accessible Care

- A1 **Patient choice of access** options – e.g. continuity of care or rapid access
- A2 **Contacting the practice** –one click, call or contact to make an appointment
- A3 **Routine opening hours** – 8am-6.30pm Mon – Fri; 8am – 12pm Saturday
- A4 **Extended opening hours** – 8am-8pm in local area for pre-bookable and unscheduled care
- A5 **Same day access** – with a GP or appropriately skilled nurse
- A6 **Urgent and Emergency Care** – rapid clinical assessment systems)
- A7 **Continuity of care** – named GP & flexible appointment lengths

## Coordinated Care

- C1 **Case finding and review** – identifying patients who would benefit from coordinated care
- C2 **Named professional** for patients identified as needing coordinated care
- C3 **Care Planning** – coordinated care patients involved in developing their single care plan
- C4 **Patients supported to manage their own health and wellbeing**
- C5 **Multidisciplinary working** – regular MDT reviews
