

Enfield CCG Patient and Public Stakeholders Engagement Activity log for

**Adherence to Evidence Based Medicine**

From November 2016- updated July 2017

This log includes the Consultation events but does not include all elements of informal engagement, but attempts to show the depth and breadth of engagement that Enfield CCG is involved in. Further information on Public & Patient Engagement Events (PPE) can be found on the CCG's Website by following the link to: <http://www.enfieldccg.nhs.uk/patient-and-public-engagement-events.htm>

	Type of activity e.g. Meeting, focus group, deliberative event, online discussion, online	Target audiences e.g. Local patient groups, public, stakeholders, public, disease specific groups	Number of attendees / number of hits or users	How were participants informed (invited, media release, advertisements, flyers, online)	Aims and Objectives	Feedback/Outcomes
<b>November 2016</b>						
<b>Tuesday 1 November 2016</b>	Enfield CCG's Patient and Public Engagement Committee	Members of the PPE Committee	7 members and 3 attendees	Confirmed as an item on their agenda for Nov meeting	To inform and start engagement on ' Adherence To Evidence Based Medicines' and agree engagement to occur	PPE committee noted the proposed timetable for engagement and the overall programme
<b>Wednesday 9 November 2016</b>	Governing Body Meeting	Governing Body	No public- part 2 of GB meeting	Adverts; ECCG website	To secure a mandate from the Governing Body for the programme's overall intent and key principles	Mandate obtained
<b>Wednesday 16 November</b>	Patient and Public	Patient groups, public, public stakeholders	20	Email, online, flyers, press advert	To inform stakeholders about:	This was done in workshop format.

2016	Engagement Event				Adherence to evidence based medicines; STP and PAU consultation	<p>Key issues:</p> <p>Quality of life versus the procedures</p> <p>How do we select CCGs to compare against</p> <p>Communication to patients regarding evidence; treatment options available;</p> <p>Psychological issues of patients not receiving treatment</p> <p>Need to understand the evidence based approach being used e.g. randomised clinical trials</p>
<b>December 2016</b>						
<b>Tuesday 6 Dec 2016</b>	Patient Participation Groups Network meeting	PPGs chairs and members	17	Adverts; ECCG website; stakeholder database	To inform on Adherence To Evidence Based Medicines and gain views from PPG members	<p>This was done using a presentation to the group with Q&amp;A</p> <p><b>Key Issues raised were:</b></p> <p>Does the fact that Enfield hasn't adopted policies like other CCGs have resulted in a 'first come first served' approach rather than equity based on the evidence?</p>

						<p>Importance of dialogue between patient and GP – seeing both as equal parties in the decision making</p> <p>No evidence presented on outcomes, yet outcomes of say knee replacement compare unfavourably to hips.</p>
<b>Thursday 8 December</b>	Health and Wellbeing Board Conference	HWWB members	TBC	Regular meetings organised by LBE	To inform on Adherence To Evidence Based Medicines and gain views from HWWB members	Board said that they did not wish to see an impairment of access to healthcare in Enfield which contrasts unfavourably with that available to residents of the remaining NCL Boroughs.
<b>Wednesday 14<sup>th</sup> December</b>	North Central London Clinical Cabinet	Clinical leaders in primary and secondary care across North Central London	About 12 clinical leaders from across the STP area	They received a presentation from the Chair of the CCG, the CCG Medical Director, who is the Clinical Lead for the programme and the Programme	To obtain agreement to the principle of the adoption of an NCL wide approach to review and extension of clinical thresholds; to determine in which work stream of the STP the review would best be located;	The NCL Clinical Cabinet agreed on the importance of consistent adherence to evidence based medicine across NC and that the goal of the review was strongly consistent with its own mission and would

				consultant	and to agree how the work would be taken forward in integral fashion with the existing Clinical Cabinet programme of pathway review.	support standardisation of care; agreed the principle of an NCL wide review process which was clinically led; and determined that the review was best located within the STP work stream Elective Care. Key issues raised were that the implementation would need to fit into the e-referral system and different approaches to triage across the STP foot pint; that the order of work would need to be prioritised; that the work would need carefully to dovetail with the work already underway on pathway review; and that it was important to avoid duplication of work.
<b>Thursday 15 December 2016</b>	Meeting with Alev and Ray James with Mo, Sarah and Gina	Meeting with LBE Director of Health, Housing and Adult Social Care and the Cabinet		This meeting was part of the regular engagement with LBE colleagues	To brief on Adherence To Evidence Based Medicines	The discussion concerned briefing arrangements and a proportionate period for consultation,

		Member for Health and Social Care				subject to the agreement of the HOSC

January 2017						
<b>Thursday 5 January</b>	Enfield Health Scrutiny Workstream	Formal meeting	6	LBE advertises these meetings	To inform about the programme; to ask their views on the need to consult; ask them to review the consultation documentation to ensure that we have taken into account their concerns and our documents in their view clear, concise and transparent	Provided agreement to Enfield CCG carrying out a 30 day consultation in view of the amount of pre-engagement already carried out.
<b>Tuesday 10 January 2017</b>	Quarterly meeting	Enfield CCG Voluntary & Community Stakeholder Reference Group	10	These quarterly meetings are arranged by the ECCG Communications and Engagement	To inform on Adherence To Evidence Based Medicines and gain views from Voluntary and Community Group representatives	To ensure that the consultation document and questionnaire are clear and easy to read. It was agreed that the draft versions would be reviewed by Enfield Carers Forum, Healthwatch Enfield and Our Voice.

Enfield Advertiser: 22 February – advertising PPE Event on 1 March and AEBM consultation launch						
Enfield Independent: 22 February - advertising PPE Event on 1 March and AEBM consultation launch						
<b>Wednesday 1 February 2017</b>	GP Engagement Event	Enfield GPs	40+	This is a regular meeting and participants were advised of the agenda at least one week before the event.	To discuss the reason for the AEBM Programme and outline how GPs could be involved plus inform them of the process.	GPs were interested in commenting on the full clinical data and evidence to support the decisions being proposed and this was agreed to be provided by the 1 <sup>st</sup> March. Also, they raised issues around patients being referred and then rejected at triage. GPs were reminded that they had a role to play in ensuring that referrals were only made that met the referral criteria in place at the time of referral.
<b>Thursday 9 February 2017</b>	PLT (East)	GPs and practice staff	34	These regular meetings are organised by Primary Care Administrator	To inform on Adherence To Evidence Based Medicines and gain views from GPs and practice staff	GPs again expressed an interest in seeing the data and were interested in participating in the consultation.
<b>Thursday 23 February 2017</b>	PLT (West)	GPs and practice staff	34	These regular meetings are organised by Primary	To inform on Adherence To Evidence Based Medicines and gain	GPs expressed an interest in seeing the evidence and also raised similar

				Care Administrator	views from GPs and practice staff	<p>concerns to those at the 1<sup>st</sup> Feb Event that were addressed in the same manner.</p> <p>*Separate GP questionnaire developed in response to feedback.</p>
<b>March 2017</b>						
<b>LAUNCH- 1 March 2017</b>	<p>Email or letter sent to the following stakeholders including consultation documents and/or links to website with all the AEBM documents.</p> <ul style="list-style-type: none"> <li>• GP membership</li> <li>• Corporate stakeholder list including voluntary sector, patient groups</li> <li>• Patient Participation Groups</li> <li>• MPs, Councillors and GLA</li> <li>• HOSC Chair</li> <li>• Enfield Council</li> <li>• LMC</li> </ul> <p>Consultation advertised on website homepage, Twitter. Documents delivered to central Library</p> <p>Documents being sent out on request.</p>					
<b>Wednesday 1 March 2017</b>	Patient and Public Engagement Event	Patient groups, public, public stakeholders	40+	Email, online, flyers, press advert; twitter	Agenda to be agreed and to include Adherence to Evidence Based Medicine	<ul style="list-style-type: none"> <li>• View stating this is about taking away patient choice</li> <li>• How do you know that being an outlier is a feature of anything?</li> <li>• Discussion needed regarding</li> </ul>

						<p>deficit and its implications – whether it’s affecting availability of treatments and funding for Enfield CCG.</p> <ul style="list-style-type: none"> <li>• Pain is subjective and should not be a measure of whether a condition is serious.</li> <li>• Query regarding the quality of clinical evidence which is actually other CCG’s thresholds. Staffordshire CCG hearing aid proposals being used as evidence when these proposals had to be amended following their public consultation.</li> <li>• Have you consulted audiologists with</li> </ul>
--	--	--	--	--	--	---

						<p>this? Particularly Chase Farm Hospital audiologists.</p> <ul style="list-style-type: none"> <li>• Asked for an extension for the consultation – 30 days not perceived to be long enough.</li> </ul>
<b>Thursday 9 March 2017</b>	Joint West Locality Meeting	GPs	14 Practices	Email, online.	To inform local GPs of the Adherence to Evidence Based Medicine public consultation	This was presented by the Clinical Locality Lead. GPs were keen to review the clinical evidence these decisions were being based around, and raised concerns regarding the motives of cost savings. There were requests that a standard letter/template came from the CCG that GPs could physically show patients why they do not fit the criteria, and therefore would not warrant a referral.
<b>Monday 20 March 2017</b>	North East Locality Meeting	GPs	12 Practices	Email, online.	To inform local GPs of the Adherence to Evidence Based Medicine	Rather positive, GPs stated that as long as there were clear

					public consultation	guidelines that could be followed regarding the criteria being set, it seemed like a sensible idea
<b>Wednesday 22 March 2017</b>	Healthwatch & Enfield Joint Patient and Public Consultation Event	Patient groups, public, public stakeholders	34	Email, online, flyers, press advert; twitter	To inform about the Adherence to Evidence Based Medicine public consultation	See Healthwatch notes for this event
<b>Wednesday 22 March 2017</b>	Email sent to all stakeholders	VCSRG: including – Our Voice, EVA, One-to-One Enfield, Over 50s Forum, EREC, Enfield Women’s Centre, Enfield Carers, Mind in Enfield; All PPG chairs and members, PPE volunteer sign ups, Healthwatch, HWB, LMC, LOC, LDC, LPC. Comms leads and medical directors: RNOH, UCLH, the Whittington, NMUH, RF, BEH-MHT, Enfield Council. Enfield Councillors, Joan Ryan	300+	Email	To inform about the extension of the consultation to 30 April 2017.	N/A

		MP, David Burrowes MP, Kate Osamor MP. Enfield GLA member. Enfield GPs. Providers: Specsavers, Scrivens opticians, InHealth, NHS Community Hearing. Staff and GP intranet.				
<b>Thursday 23 March 2017</b>	South East Locality Meeting	GPs	8 Practices	Email, online.	To inform local GPs of the Adherence to Evidence Based Medicine public consultation	Overall there was an understanding of the intentions of the scheme. It was also noted that there needed to be very clear, easy to follow guidelines which the GPs had access to, allowing them to show the patient something from the CCG to support the GP in not raising a referral at all if the patient did not fit the criteria. But concerns were raised that the terminology being used wasn't necessarily accurate- it was then explained why AEBM was used and what the phrase

						meant, rather than another name.
<b>Tuesday 4 April 2017</b>	Email to all stakeholders	VCSRG: including – Our Voice, EVA, One-to-One Enfield, Over 50s Forum, EREC, Enfield Women’s Centre, Enfield Carers, Mind in Enfield; All PPG chairs and members, PPE volunteer sign ups, Healthwatch, HWB, LMC, LOC, LDC, LPC. Comms leads and medical directors: RNOH, UCLH, the Whittington, NMUH, RF, BEH-MHT, Enfield Council. Enfield Councillors, Joan Ryan MP, David Burrowes MP, Kate Osamor MP. Enfield GLA member. Enfield GPs. Providers: Specsavers, Scrivens opticians, InHealth, NHS Community Hearing. Staff and GP intranet.	300+	Email	To inform about the extension of the consultation to 31 May 2017.	N/A

<b>Wednesday 5 April 2017</b>	Advert in local papers	Enfield residents, public.		Newspaper advert	To advertise upcoming engagement event on 24 April.	N/A
<b>Thursday 30 April 2017</b>	Enfield Voluntary Action & Enfield Joint Patient and Public Consultation Event	Patient groups, public, public stakeholders	42	Email, online, flyers, press advert; twitter	To inform about Adherence to Evidence Based Medicine public consultation	See event summary which has been placed on the CCG's Website at:  <a href="http://www.enfieldccg.nhs.uk/adherence-to-evidence-based-medicine.htm">http://www.enfieldccg.nhs.uk/adherence-to-evidence-based-medicine.htm</a>
<b>Tuesday 18 April 2017</b>	Palmers Green Local Area Forum	Open to local residents of those wards	N/A	To be advertised by London Borough of Enfield	To inform about Adherence to Evidence Based Medicine and public consultation	<b>Cancelled</b>
